## Lesson Plan Template

Foxfire Center for Student Success, Ohio

**Topic:** Dropout Prevention

**Practice:** Academic Supports

This is a lesson plan template that teachers at Foxfire Center for Student Success are required to use to ensure they incorporate elements of a well-planned lesson. Included in this lesson plan are essential questions that students should be able to answer after the lesson. Teachers can also plan their methods of engaging the learner in the lesson and what activities will be provided. Assessment of the lesson is also planned on this template, and a backup plan is also needed in case a learner is not understanding the lesson. Lesson plans are completed with unit maps in mind (see the Unit 1 Map on this site). Unit maps are used to align instructional content of the Ohio Graduation Test.
