## Goal-Setting Form

Foxfire Center for Student Success

**Topic:** Dropout Prevention

**Practice:** Data Systems

This document is an example of a goal-setting form used by the Maysville Local School District. In this example, Foxfire Center for Student Success staff noted the steps they planned to take to implement a standards-based grading system and to create a core values report card. Through such a system coupled with a core values report card, teachers can better monitor academic and social performance of all students continually.
